This ON-Rule is applicable for the use of products in manholes for corresponding to ÖNORM EN 1917 and ÖNORM B 5072 and serving for drainage and sewerage gravity systems. Products which may be installed into the shaft at a later stage or which may serve for renovation purposes are not subject of this ON-Rule. This ON-Rule serves as a basis for the proof of conformity of products. Furthermore in this ON-Rule reference is made to standards and test methods which have to applied complementary to this ON-Rule.
