Title : General conditions of contract for works of building and civil engineering construction with functional specifications - Contract to provide services
Scope : Clauses 5 to 12 of this Austrian Standard give the general terms of contracts for works of building and civil engineering construction with functional specifications. Jointly with the other standards to be quoted in the contract (e.g. Austrian Standards with technical content), the provisions of this ÖNORM are intended to represent the consistent terms of building contracts. The relevant particular conditions for individual cases shall specify the building works themselves as well as the specific circumstances of the performance delivery. As a whole, a complete description and clear specification of the requirements agreed upon and the performance requirements imposed in technical, economic, design and a functional point of view should be reached by this procedure.

Project ID : 00023595/0001 **Project Established**
ICS : 75.160.20
National Ref : ÖNORM C 1109
Title : Liquid fuels - Domestic fuel oil - Gasoil for heating purposes - Requirements
Scope : The requirements and test methods specified in this ÖNORM apply to "Heizöl extra leicht" ("Domestic fuel oil") and "Heizöl extra leicht - schwefelfrei" ("Domestic fuel oil - sulphur free"). With regard to the sulphur content two qualities are specified in this standard ("Heizöl extra leicht" and "Heizöl extra leicht - schwefelfrei"). "Heizöl extra leicht - schwefelfrei" is suitable only for the use in such burner systems for which an appropriate release has been provided by the burner manufacturers. In certain systems "Heizöl extra leicht - schwefelfrei" may be used alone according to the manufacturers specifications or local waste water regulations.
